

MEET THE HELPERS

DIALING 9-1-1

Push 911 

Trace 911

Tips For Caregivers:

- 911 should only be called if you or someone with you is hurt or in danger.
- 911 Operators will send fire, police and/or an ambulance to help.
- Children may need to know how to unlock your phone in order to dial 911.
- Children should practice their first and last names, caregivers first and last names, and your address.
