## **Stories in Thread**

Hmong Pa Dau or Story Cloths are hand-made textiles that are integral to what it means to be Hmong in America. The Hmong fought alongside U.S. soldiers and CIA operatives as a secret army in the Vietnam War. After the war, many came as refugees to the U.S. Despite the significance of Pa Dau to identity and cultural survival, the art form is disappearing.

# Members' Message

## IT'S TIME TO TELL US WHAT YOU THINK

Dear Friends,

Many thanks for your continuing support of SOPTV. Thanks to your contributions we are able to provide the “best television, on television” and now online at our website and via SOPTV Passport!

May is the month we ask for your advice and comments in our annual member preference poll. We hope that you will participate because it one of the ways we can determine if we are meeting your needs for the very best in programming and service.

See the poll on page 31, or go to our website and enter your comments online at [www.soptv.org/survey](http://www.soptv.org/survey). One lucky participant will win dinner for two and a gift basket of movies, books, music, logo merchandise, and more!

**Federal Funding Update.** As you may have read, President Trump has recommended cutting federal funding for public television and radio. Fortunately, we have strong bipartisan support in Congress and are hopeful funding for the Corporation for Public Broadcasting (CPB) continues for 2018 and beyond. Funding of CPB has been flat since 2014. The \$445M granted to CPB represents  $\frac{1}{100}$ th of 1% of the federal budget. That's roughly \$1.35 per taxpayer, or about the price of a cup of coffee.

It is also important to point out that each station's local fundraising is, in essence, matched by federal funding. Many rural stations receive state funding providing as much as 25–50% of their budgets. SOPTV, although rural, does not receive operating funds from the State of Oregon or California. While SOPTV's service area is quite large, requiring two transmitters and thirteen translators to provide service, our population density is very low, making fundraising much more challenging than for urban stations. Maximizing local support is vital to SOPTV's services and our ability to create local content.

You can follow the proceedings in Washington and learn the important role public media plays in local communities by visiting [www.protectmypublicmedia.org](http://www.protectmypublicmedia.org). Please sign up for alerts.

Again thank you for your steadfast support of SOPTV and its services!
