# AUTUMN NOVEMBER

On **SOPTV**  PBS

## **Rodgers & Hammerstein's The Sound of Music**

Beloved by generations of audiences worldwide, *The Sound of Music* tells the inspiring true story of the von Trapp Family Singers and their escape from Austria during the rise of Nazism. Fall in love with the beloved musical as never before. The production features music and lyrics by Richard Rodgers and Oscar Hammerstein II and stars Kara Tointon as Maria and Julian Ovenden as Captain von Trapp.

## **GZero with Ian Bremmer**

This new public affairs series offers compelling discussion about global politics with people from all sides of the political spectrum. The world order that has united much of the globe since the end of World War II is fraying, and global summits like G-7 and G-20 no longer have the influence they once did. Ian Bremmer, a renowned political scientist, sits down with world leaders, noted experts, and newsmakers.

## **How to Cook Well w/ Rory O'Connell**

Rory O'Connell is probably Ireland's most experienced cookery teacher — he has been teaching people how to cook for more than 30 years, having co-founded the Ballymaloe Cookery School with his sister, Darina Allen. In this brand new series, Rory introduces the timeless, classic, and essential techniques that every cook needs to understand and implement if they want to cook well. There is plenty of humor, even though Rory takes preparing food seriously.

**Sunday–Friday at 3:30 & 6:30 pm**

## ANNUAL AUDIT RESULTS

Thanks to your support, SOPTV brings you “the best television, on television.” We appreciate your ongoing support, which gives SOPTV the resources to purchase programming from PBS and other distributors and to maintain our extensive network of translators throughout southern Oregon and Siskiyou County in California. Last month, the SOPTV Board of Directors approved the Annual Audit for Fiscal Year (FY) 2018.

INCOME SOURCES BY FISCAL YEAR	FY '18	FY '17
Individual Contributions	\$936,459	\$746,173
Grants	46,871	29,270
National & Local Business Support	285,111	350,169
Community Service Grant from CPB	795,327	846,239
In-Kind & Donated Support	50,032	51,618
Other	143,873	35,876
Net assets released from restrictions	0	21,075
<b>Total Sources</b>	<b>\$2,257,673</b>	<b>\$2,080,420</b>
OPERATING EXPENSES		
Programming Services & Production	1,020,368	\$1,042,781
Technology & Broadcast Operations	193,408	155,982
Development	455,597	438,452
Administration & General	474,185	470,920
<b>Total Functional Expenses with Depreciation</b>	<b>\$2,143,558</b>	<b>\$2,108,135</b>
<b>Net Income</b>	<b>\$114,115</b>	<b>(\$27,715)</b>

Membership contributions increased by 25% and Grants increased by 60%, which will increase our Community Service Grant in FY '19. The Corporation for Public Broadcasting (CPB) provides a base grant to all stations and rewards stations that raise funds in their local service area. We are very thankful for your support.

You will notice our National and Local Business Support declined by nearly 20% due in part to the conclusion of fundraising for *Sight: The Story of Vision*, which played on most PBS stations two years ago. And, we nearly met our depreciation goal! You may recall that in July we experienced a devastating power surge, which knocked us off the air for half a day and limited our ability to provide all three channels of service.

Local programming had another good year with our tribute to local veterans on *My Story of Service*, six *Student Showcases*, *The Jeffersonian* (our partnership with SOU students), and *Immense Possibilities*, which reaches a national audience.

Many thanks again,

Mark Stanislawski  
President & CEO

## Independent Lens: Dawnland

For most of the 20th century, government agents systematically forced Native American children from their homes and placed them with white families. As recently as the 1970s, one in four Native children nationwide were living in non-Native foster care, adoptive homes, or boarding schools.

## Red Power Energy

From a Native American perspective, this provocative film reframes today's complex energy debate. Can energy development on tribal lands empower a people while powering the nation? Tribes are fighting for the sovereign right to control their lands and develop their natural and mineral resources however they choose.

## We'll Meet Again

Join Ann Curry for new dramatic reunions of people whose lives crossed at pivotal moments. This week, two Vietnam veterans search for the heroes who saved them. An Army officer searches for the helicopter pilot who rescued him, while another soldier wants to reconnect with the surgeon who saved his leg from amputation.

## POV: Of Men & War

The warriors have come home, but their minds remain on the battlefield. Veterans from Iraq and Afghanistan, consumed by anger and traumatic memories long after their return, often resort to drugs or suicide to end their suffering. But at a first-of-its-kind PTSD treatment center, soldiers resolve to stop the damage.
